Come with us into the heart of the rainforest on a four day feast for the senses in the magnificent Daintree rainforest, north Queensland. Staying in luxury accommodation situated on the beaches of Cape Tribulation, you are sure to have an experience you will remember. Cruise down the Daintree River with expert local guides while you view crocodiles, snakes, frogs and birds in their natural habitat. From experience we know, you may even spot a Cassowary!

Of special interest will be the opportunity to view the properties protected through the Daintree Buy Back & Protect Forever Project. A new edition to the Daintree Escape Tour is the opportunity to personally plant a rainforest species tree on site in the Daintree. Learn about ancient rainforest indigenous dreaming while on the Kuku Yalanji Dreamtime Tour at Mossman. Explore tropical beaches and rainforest.
